proceeded to the order of the day, the bill in relation to railroads, the question being on the motion of Mr. Jenckes to substitute his bill for the one reported from the Committee on Railroads.

Mr. J. Clarke renewed the motion, and advocated the postponement of the subject to next week, as there was no hope of concluding it this week.

The question of adjournment was debated at some length, when the motion to adjourn to Monday afternoon was adopted. The further consideration of the railroad bill was then postponed until Tuesday morning.

Adjourned until Monday afternoon.

PROVIDENCE, Monday, Feb. 12.

The General Assembly transacted no business to-day, a quorum not being present in either House.

PROVIDENCE, Tuesday, Feb. 13.

SENATE.—Petition of John L. Calder for refunding jury fine; read and granted, and act passed.

CONCURRENCE.—Petition of John S. Brown et al., for act of incorporation of the Lippitt and Phoenix Baptist Church. Petition of the Roger Williams Church for amendment of charter.

Resolution allowing accounts against the State amounting to \$5,937.26. Adjourned.

HOUSE.—The committee on Accounts, reported a resolution appropriating the sum of \$6012.50 to pay certain claims against the State.

Among the items in report, was an allowance of one hundred dollars to Wilkins Uplike Esq., of South Kingstown, for an argument made by him before the House of Representatives at the January session, upon the subject of the old State debt, and which argument was made at the particular request of the House.

Mr. Spencer was opposed to the charge, and moved that Mr. Uplike be allowed and paid \$25.

The resolution was amended, appropriating \$5037.26, was then read and passed.

The order of the day, being "An act in relation to railroad corporations and the transportation of freight and passengers." Mr. Dixon proceeded to address the House at length in opposition to the principles of the bill.

Mr. Hazard, of South Kingstown, replied at length to Mr. Dixon.

Mr. C. Whipple moved to add to the original bill the last five sections of the bill introduced by Mr. Jenckes; which motion prevailed.

Mr. Jenckes moved a substitute for the first section, which was adopted without opposition.

The question then being, Shall the bill be amended? the yeas and noes were ordered, and were as follows:—Yeas 37, Noes 14. So the bill was passed. Adj.

PROVIDENCE, Wednesday, Feb. 14.

Order of notice read, amended and passed in concurrence.

The committee on the Militia, reported favorably upon the act reviving the charter of the Pawtuxet Artillery Company; read and passed in concurrence.

Also upon the communication of Thos. J. Stead, Quartermaster General, recommending concurrence in vote allowing him the sum of \$595.82, the amount found to be due to him; read and passed in concurrence. Adjourned.

THE PRESS OF OUR COUNTRY.—Mr. William Chambers in his miscellaneous jottings, which appeared in Chambers Journal of the date of December 30th, says:—

"The newspaper press struck me as one of the most remarkable things in the United States—the cheapness, profusion, and variety of its products, the general eagerness for early intelligence, the free and easy, not to say slap-dash, way in which topics are handled, were all novel and curious. It seemed to me that many things were made the subject of newspaper paragraphs which would never get uttered in print in this country."

ORIGIN OF FIRES.—Fire Marshal Baker has reported his investigations for six months, from June 1st to December 1st, 1854. Of 180 fires during that period, 88 are supposed to have been caused by incendiaries, 96 to have been "set," (by the occupants we presume is intended,) and 86 to have been the result of accident.—This shows that a majority of our fires are the result of design. Total loss by the above fire (by fire and water), \$507,342; insurance on the premises, \$1,240,094.

The author of "Heartsease" and the "Heir of Redcliffe," two of the best works of fiction recently published, is said by the Boston Atlas to be Charlotte M. Yonge. If another name to be cherished by novel readers.

Books.—The Astor Library, at New York, already contains books purchased at a cost of \$108,878. And yet there is only the foundation laid for such a collection as is contemplated.

The cedar lands just above Austin, Texas comprise 30,000 acres. The trees are small but grow well for scantling and square lumber. The supply is inexhaustible.

Austria has forbidden the publication of the bull respecting the immediate suppression in Lombardy, and has even prohibited the priests from preaching upon it.

AN EXCITING INCIDENT.—One of the most remarkable feats of which we have ever heard in this vicinity, occurred last week in Raynham, a few miles from this place. A daughter of Mr. Eliakim Leonard, of that town, about 14 years of age, while crossing Robinson's Bridge, on her return from an afternoon visit had her veil blown off upon the ice above the bridge, and went down upon the river to recover the lost article. The ice gave way under her weight, and she was immersed in the river, where the water is eight or ten feet deep; with the aid of the ice she kept upon the surface, but was borne out down the channel, when she floated on the stone abutments, managed unassisted and alone, to raise herself from the river and regain the highway. When we consider that this was one of the coldest days of the winter, and that the heroine is a school-girl, we think her act of self-preservation one of the most remarkable of which we have ever heard.

THE SEA SERPENT DEAD.—We have seen the skeleton of some serpentine rover of the ocean, recently washed ashore on Clark's Beach, near the Sagamore House on Odion's Point, about three miles below Portsmouth. It was picked up by a party of gentlemen, among who were Capt. Jas. Goodwin and Wm. B. Russell, Esq.; but none of them ever saw the like before.

The entire length was seven feet,—the head being about two feet. The thing is quite a curiosity, about which various opinions were expressed by those with whom we saw it. They could not agree even as to which was the upper and which the lower side of the varmint,—and this was by no means easy to determine, as the head appeared to have lost one jaw.

Sears' Pictorial Works for 1855.

The attention of the reader is solicited to the advertisement of Agents wanted for the series of Pictorial books issued from the press of Mr. Sears. These books have met, and are meeting with a large sale throughout the Union, and the three latest publications, "The Great Incidents in the Wars of the United States," "China and India," and "The Incidents in the Wars of the United States," are in every way equal to the other works in point of attraction and interest. What he wishes to obtain, competent Agents in every section of the country. The readers of the three above mentioned books to persons to embark in their disposal, and as they are of a high, moral and unexceptionable character, there are none but who can conscientiously contribute to their circulation. Any person wishing to embark in the enterprise, will risk but little by sending to the Publishers \$5, for which he will receive sample copies of the various works, (at wholesale prices) carefully boxed, insured, and directed, affording a very liberal percentage to the Agent for his trouble. Holloway's Pills and Ointment have cured a Bad Leg, of Eighteen Years' standing. Mary Smith, of South Sixth-street, Philadelphia, (wife of Thomas Smith), was for eighteen years a great sufferer from a bad leg, which was swollen from the knee to the ankle, as large as a man's body, the doctors appeared uncertain how to treat her, as her health was so impaired, that she was unable to move, and during the greater part of 1853, she seldom left her bed. On the 16th of October last, she commenced using Holloway's Pills and Ointment, in three small doses, and was able to get up, and in a few days she was able to walk, and in another month she was completely cured by these fine remedies alone!!!

Reason and Common Sense.

Dr. Sanborn's success in effecting a radical cure of Incipient Consumption, by inhaling or breathing medicated vapors, is certainly a complete triumph over those who have denounced the remedy and practice as wild and chimerical. At the New York Lung Institute, of which Dr. Sanborn has control, this system of practice is exclusively used. No medicine of any kind is given into the stomach, and we know his success in curing Lung and Throat diseases by this plan to be far greater than any physician in New York. The New York Lung Institute is established at No. 6 Bond Street.—Sunday Courier.

THE POETRY OF PHYSIC.—Does have always been associated in our minds with wry faces, and medicine has seemed from the days of childhood, another word for nausea and disgust. Its remedies were the worst part of sickness, and pain was not so hard to bear as the revolting potions we were compelled to swallow for its relief. Dr. Ayer's preparations herald another era. His Cherry Pectoral is like honey on the tongue, and healing balm in the stomach. His Pills Try them—they are sweet morsels to the taste, and glide unperceived down the palate, but their energy, although wrapped up, is there, and strikes with telling force to the very foundations of disease.—Cincinnati Citizen.

How True it is!

There are a couple of old proverbs that it would be well for us all to keep in mind. One is, "a stitch in time saves nine," and another, "an ounce of prevention is better than a pound of cure." We all, in theory, acknowledge these, yet few of us practice the most of us give them the lie. Dr. J. C. Ayer's Cherry Pectoral, a preventive of all the diseases arising from impure blood and vitiated humor, is acknowledged to be superior to anything in Materia Medica. It purifies the blood, changes the vitiated humors, strengthens the digestive organs and invigorates the constitution. See certificates in pamphlets. Agents for Newport, E.B. IRISH and C. G. HANBY.
